Discover Hawaii

The Embassy Vacation Resort Poipu Point invites you to live the dream of paradise, island-style. Our full service concierge staff will assist you in planning days filled with Kaua'i adventures or just spend the day at the half-acre pool with whirlpool spas.

Kids hunt seashells, hike and play water games. Beachcomb, kayak, boogie board and snorkel in your own front yard. Everyone can experience the magic of Kaua'i, learning to string a lei or dance a hula.

Tropical Escape

Your oceanfront resort home stretches across 22-acres of lush landscape surrounding the half-acre lagoon-style pool, complete with its own white sand beach. In this tropical setting no building is taller than a coconut tree. Cascading waterfalls and gently terraced lily ponds draw you into the verdant gardens. The long, curving beach of Keoneloa Bay beckons you to play in the sand or "catch a wave."

Only Steps Away

Take a scuba lesson or spend time shopping and sight-seeing. Visit Kaua'i's lush private gardens. Pamper yourself as you relax in the spa fitness center, sauna or steam room.

Your Pleasure

Relax in the perfect comfort of your one bedroom, one bath suite or two bedroom, two bath suite with a spacious living room, a luxury master bath, washer/dryer, and a gourmet kitchen. The entertainment center is ready for your favorite CD or video. Sleep in air-conditioned comfort or enjoy the tropical breeze. Step out on your private lanai for sunrise or sunset.
